For Immediate Release:

Timber Chopper Kennels is pleased to announce that in November 2008 we were able to acquire Granger Frederick Kennels entire bear pack of Black and Tan Hounds from Boise, Idaho. This outstanding group was involved in the successful hunting of 38 bears that year. We are happy to report that our own great sire Timber Chopper Kobie was involved in those hunts as well.

We hope the addition of these new black and tan hounds will enable us to diversify our breeding program as we always strive for the best. Our goal is to raise consistently good dogs with natural ability.

Currently we have 8 week old Black and Tan puppies for sale from Bear and Zeta. These puppies will make outstanding hounds for coon, bear or any other big game.

Don't miss out! Price is \$350 each
